RADITYA DANU ERLANGGA

UX Concept & Research

PERSONAL PROFILE

I'm Raditya Danu Erlangga, born in Jakarta, 10 August 1993.
I'm a Front End Developer. I have been in this field since 2019.

But for now I'm strongly focused on UX Concept and Research and I'm still going to learn and develop my skills to give better experience for companies I'm working with.
I hope I will be given an opportunity to work with you.
